What was your motivation to become an Otolaryngologist?

Maj. Mary Doellman: "I taught myself guitar in high school. I'm not very good—but I'm good enough. Good enough to get into medical school because I realized that folk singing wasn't going to pay the bills! Otolaryngology was my back-up plan—not really—but that was always the joke because medical terms kind of rhyme—like "biology" and "surgery"—so writing songs that rhyme would be easy. In all honesty it's a perfect combination of everything in medicine I enjoy: surgery, clinic and pediatrics."

What do you like most about your job?

Maj. Mary Doellman: "I really enjoy caring for children. I'm a doodler so I draw on their bed sheet before surgery—unicorns, cats, dogs, dragons."

Where did you grow up?

Maj. Mary Doellman: "I grew up near Savannah, Georgia."

What is your favorite thing to do when you're not working?

Maj. Mary Doellman: "I got into cooking and I think that's probably just the surgeon in me because you get to work with your hands and make something new. Everybody wants to come over if you cook a lot. I also shot skeet and trap competitively in high school on the State 4H team. Great practice for surgical hand & eye coordination skills!"
